Flush-type connector, 8-position, Socket, straight, M8, A-coded, PCB mounting, SMD

#### Your advantages

- Reduced mounting costs thanks to two-piece device connector
- Packaging available for automated pick and place assembly
- Mail common pin assignments and codings available

Easy device integration thanks to mechanical port screw connections with threaded attachment, press-in contour or direct integration in the front plate

☑ Optional shield connection and seal for the device when not plugged in

### RoHS

### Key Commercial Data

| Packing unit                         | 1 pc            |  |

### Technical data

#### Ambient conditions

| Ambient temperature (operation) | -55 °C 105 °C (Plug / socket)                |  |
|---------------------------------|--|--|
|                                 | -55 °C 105 °C (without mechanical actuation) |  |
| Degree of protection            | IP67 (correctly plugged in and locked)       |  |

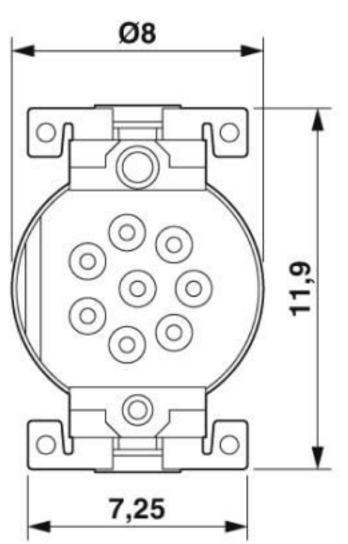

### Technical data

#### General

| Note                                   | The electrical and mechanical data specified assume that the connector pair is correctly locked and mounted. If the connector is unlocked and if there is a danger of contamination, the connector must be sealed using a protective cap > IP54. Influences arising from litz wires, cables or PCB assembly must also be taken into consideration. |  |  |
|--|--|--|--|
| Rated current at 40°C                  | 1.5 A  |  |  |
